Dear Meeting Participant:

We'd like to take this opportunity to welcome you to the 2017 Annual Meeting of the HIV Prevention Trials Network. It's an exciting time for the HPTN as we continue making strides with targeted HIV prevention strategies. The meeting includes a superb array of speakers on timely topics. We are thrilled to welcome back Anthony S. Fauci, M.D., director of the National Institute of Allergy and Infectious Diseases (NIAID), and Ambassador-at-Large Deborah L. Birx, M.D., coordinator of the United States Government Activities to Combat HIV/AIDS and U.S. special representative for Global Health Diplomacy as two plenary speakers on Wednesday, 12 April. Other speakers at the HPTN plenary session that day will focus on critical areas relevant to our research portfolio.

We also invite you to attend the special session on Tuesday, 11 April where the HPTN Laboratory Center, Statistical and Data Management Center (SDMC), and HPTN Scholars will have the opportunity to present some of their work. In addition, we will also hold our traditional evening poster session and reception where you will have the opportunity to meet colleagues and view some of the important work being conducted by the HPTN teams around the world.

The Annual Meeting also includes meetings organized by the HPTN Community Working Group where emphasis is given on discussions regarding the scientific agenda of the HPTN, community engagement updates on the science, as well as skill building activities. Amongst all of these activities, you will have the opportunity to attend protocol team meetings and training sessions, as appropriate.

Here are a few key things to keep in mind over the next few days:

Internet access: Complimentary Wi-Fi will be provided in the main meeting rooms all week; the network name is **2017HPTN** and passcode is **BEATHIV**. If you do not have a membership, the hotel's front desk staff can help you sign up; membership is free. The hotel also provides several computers for public use in front of the elevators near the lobby bar. These are available 24 hours, seven days a week.

Meeting materials/agendas: To help you make the most of your experience, download the free HPTN Meetings mobile app in the iOS App Store or the Google Play store.
